The User will also refrain from granting third parties access – remotely or otherwise – to the Service and/or Application or to provide the Application to a third party, not explicitly provided for in these Terms & Conditions.

8.4. The User is explicitly not allowed to download, copy, amend, make available, or provide otherwise (parts of) the Service, Application, Website and/or other materials made available to the User by means of the Service, for direct or indirect commercial purposes or for any other purposes than the purposes mentioned in these Terms & Conditions, unless DJ.Studio has provided its prior written consent thereto, or if a mandatory or peremptory rule of law states otherwise.

8.5. The User is prohibited to reverse engineer, prepare derivative works of, decompile, disassemble, or otherwise attempt to create source code from (parts of) the Service, Application, Website or other materials made available to the User by means of the Service, to the extent legally permissible. For any and all User-generated content created and/or Content uploaded to the Service, Application and/or Website, the User shall be deemed to be the owner of such User-generated content and/or have in its possession a license and/or permission to use the Content. The User is explicitly not allowed to create User-generated content and/or upload Content and/or other content of third parties of which the User is not the owner, and/or has no license and/or permission to use the User-generated content and/or Content.

Article 10 Privacy

10.1. During the use of the Service, the User provides Personal Data to DJ.Studio. These Personal Data will be saved and processed in accordance with the Privacy Notice, and the GDPR.

10.2. In the event that DJ.Studio deems this of importance for the execution of the Agreement, the User will inform DJ.Studio, on its first request and in writing, of the manner in which the User fulfills its obligations under the GDPR, and/or other applicable legislation on the protection of personal data.

10.3. DJ.Studio will not process Personal Data, other than for the provision of the Service, including the use of permissions.

10.4. DJ.Studio will not share personal information from the User with third parties unless DJ.Studio has obtained permission thereto or is required to do so by law.

10.5. The responsibility for processing Personal Data by accessing the Service and/or using the Application lies solely with the User. The User warrants that the content, use and/or processing of the Personal Data is not unlawful and that it does not infringe any rights of third parties.

10.6. As far as DJ.Studio would be obliged to provide a form of security, this protection will meet the written specifications expressly agreed between the Parties. DJ.Studio does not guarantee that the security is effective under all circumstances. If the Agreement contains no specifications regarding the security, or if the contract contains no explicit definition of security, it will meet a level that is not unreasonable, given the state of the art, the sensitivity of the data, and to security related costs. The responsibility for maintaining safeguards such as firewalls, antivirus and backup lies with the User.

10.7. The User agrees to comply with all applicable laws, rules, and regulations, including without limitation all local rules where the User resides, or the User's organization is located regarding User-generated content, the User's websites, online activities, email and/or the User's access to the Service and use of the Application. More specifically, but without limitation, the User agrees to comply with all applicable laws regarding the transmission of technical data exported to or from any country in which the User resides.

10.8. The Service, Application and Website are controlled and operated by DJ.Studio from its offices within the Netherlands (although it may share data with third parties around the world to assist DJ.Studio in providing the Service as further described in DJ.Studio's Privacy Policy) and DJ.Studio makes no representation that the Service, Application and Website are appropriate or available for use in other locations. Those who access the Services from other locations do so at their own initiative and risk and are fully responsible for compliance with all applicable laws in those locations. DJ.Studio does not offer the Service where prohibited by law.

10.9. For the purposes of the GDPR and any applicable national implementing laws in the User's jurisdiction, and with respect to the User's possible subscribers' or customers' Personal Data, the User acknowledges and agrees that the User is the controller (as that term is defined in the GDPR), and DJ.Studio is a processor (as that term is defined in the GDPR) insofar as the User may store Personal Data through the User's access to the Service and /or use of the Application and Website only as permitted and subject to the terms of these Terms & Conditions. The User also acknowledges and agrees that the User is responsible for complying with all obligations of a data controller under applicable law

(including the GDPR). To the extent the GDPR applies to the User, the User represents and warrants that in accessing the Service and using the Application and/or Website, the User will clearly describe in writing how the User plans to use any personal data collected and the User will ensure that the User has a legitimate legal basis to transfer such personal data to DJ.Studio and that the User has the necessary permission to allow DJ.Studio to receive and process (e.g., store) such personal data on the User's behalf. The additional data processing terms set forth here shall apply where the User is a controller subject to the GDPR.

Article 11 Warranties

11.1. DJ.Studio warrants that the Service fulfils the Agreement and that as far as it is aware does not infringe the Intellectual Property Rights of third parties on the date that the Agreement was concluded. However, DJ.Studio does not warrant that the Service, Application and Website are suited for other than normal designation, as described in these Terms & Conditions. Moreover, DJ.Studio does not warrant that the Service, Application and Website will be error free, complete or up-to-date at all times.

11.4. DJ.Studio is entitled to put the Service, Application and/or Website (temporarily) out of service and/or to reduce the use of it without any prior notification and without being obliged to pay any compensation whatsoever to the User, if in the opinion of DJ.Studio this is necessary, for instance in connection with the reasonably required maintenance of the Service or due to force majeure.

11.5. Force majeure includes – but is not limited to – site or building blockades, strikes, riots, civil disruption, war, terrorist acts, inclement weather, epidemic, specific work interruptions, delay in transportation, earthquake, fire, storm, flood, or water damage, delay in or cancellation of the delivery to DJ.Studio of parts, goods or services ordered from third parties, or governmental, legal or regulatory restrictions.

Article 12 Limitation of liability

12.1. DJ.Studio's liability for damages resulting from or relating to attributable failing ("toerekenbare tekortkoming") to perform the Agreement, including these Terms & Conditions, for unlawful act ("onrechtmatige daad") or otherwise will be excluded in the event the User qualifies as a professional party and to the extent allowed by a mandatory or peremptory rule of law.

12.2. The User's only remedy in the event of an attributable failure, unlawful acts of DJ.Studio, or other cause of damages, is to discontinue the access to the Service, use of the Application and/or to delete its Account.

12.3. In the event that DJ.Studio is liable for damages under a mandatory or peremptory rule of law, the damage will be limited to compensating for direct damages for a maximum amount per event, not exceeding the amounts paid by the User during the month prior to the event causing the damages per event (a series of connected events being considered as one event). In no event will DJ.Studio's total, aggregate liability, exceed EUR 1,000.- (one thousand euros).

12.4. DJ.Studio's liability for consequential damages arising out of, or in connection with, the Agreement or these Terms & Conditions, is excluded.

12.5. In any event, the User's right to claim under the Agreement, these Terms & Conditions, unlawful act or otherwise shall lapse 1 (one) year after the occurrence giving rise to the claim or action.

12.6. The limitations mentioned in the preceding paragraphs of this article shall not apply if and insofar as the damage or injury is the result of intentional acts or omissions or gross negligence by DJ.Studio or its managers.

Article 13 Termination

13.1. The User is entitled to terminate the Agreement for the Free Service at any time by discontinuing the use of the Free Service and/or by terminating the Account. The Agreement for the Paid Service can be terminated by the User during the subscription period at any time, which cancellation will be effected depending on the length of the subscription (monthly or annual), at the end of that monthly or annual billing period.

13.2. In addition to the other remedies available to DJ.Studio, DJ.Studio is at all times, at its sole discretion, without prior written notice or explanation and without becoming liable to the User, entitled to:

Article 14 Indemnification
